// 1. OVERVIEW

This User-Generated Content License and Rights document explains the rights you retain over content you create and submit to infinite-atom.com, the license you grant to Infinite Atom Technologies LLC, how your content may be used, and your rights to remove or modify your content. This document applies to all content submitted by users, partners, creators, and event organizers on the Platform.

// 2. WHAT IS USER-GENERATED CONTENT

User-Generated Content (UGC) includes all content created and submitted by users of the Platform, including:

// 3. YOU OWN YOUR CONTENT

You retain full ownership of all UGC you create and submit to the Platform. Submitting content to Infinite Atom Technologies LLC does not transfer ownership of that content to us. Your content remains yours.

// 4. LICENSE YOU GRANT TO INFINITE ATOM

By submitting UGC to the Platform, you grant Infinite Atom Technologies LLC a non-exclusive, worldwide, royalty-free, sublicensable, and transferable license to:

- Display and publish your content on the Platform for other users to see
- Index and search your content within Platform search functionality
- Create thumbnails, previews, and reformatted versions for display purposes

- Feature your content in Platform marketing materials including social media, newsletters, and promotional content — subject to Section 5

- Cache and deliver your content through CDN and infrastructure systems
- Archive your content for backup and legal compliance purposes

This license exists to operate the Platform and is limited to those purposes. Infinite Atom will not sell your content to third parties, license it for unrelated commercial purposes, or use it in ways that are materially inconsistent with the Platform's purpose.

// 5. MARKETING USE

Infinite Atom may feature partner content including product images, stall descriptions, and vendor profiles in Platform marketing materials such as newsletters, social media posts, and promotional content. This is done to promote the Platform and its partners. If you do not wish your content to be used in marketing materials, notify us at infiniteatomtech@gmail.com and we will honor your request on a prospective basis.

// 6. PUBLIC CONTENT

Content posted in public areas of the Platform including the public forum, Partner Showcase, and event map is publicly visible and may be indexed by search engines. Once public content has been indexed by search engines, Infinite Atom cannot guarantee removal from search engine caches even after content is removed from the Platform.

// 7. REMOVING YOUR CONTENT

You may remove your content from the Platform at any time through your account settings or by contacting infiniteatomtech@gmail.com. Upon removal:

- Content is removed from public view immediately
- Backup copies may persist for up to 90 days before permanent deletion
- Content that has been shared, reposted, or otherwise distributed by other users within the Platform may persist in those contexts
- The license granted to Infinite Atom terminates for future uses but content already incorporated into marketing materials may remain

// 8. MODERATION RIGHTS

Infinite Atom reserves the right to review, edit, hide, or remove any UGC that violates the Terms of Service, Acceptable Use Policy, Community Guidelines, or applicable law. We reserve the right to moderate content at our sole discretion. We are not obligated to review all content before publication and are not liable for content we fail to remove. Under 47 U.S.C. Section 230, we are not the publisher or speaker of user-generated content and are not liable for content created by third parties.

// 9. CONTENT WARRANTIES

By submitting UGC, you represent and warrant that:

- You own the content or have all necessary rights to submit it
- The content does not infringe any third-party intellectual property rights
- The content does not violate any applicable law
- The content does not contain false or misleading information
- You have the right to grant the license described in Section 4
- The content complies with the Acceptable Use Policy and Community Guidelines

You agree to indemnify Infinite Atom from any claims arising from your UGC violating these warranties.

// 10. AI-GENERATED UGC

UGC that is wholly or partially generated using artificial intelligence tools is permitted subject to the content standards in the Acceptable Use Policy and Creator Agreement. You are responsible for ensuring you have the rights to submit AI-generated content and that it complies with the terms of the AI tool used to generate it.
