Partner Terms of Service — Platform Identity Addendum

Document 28B — Addendum to Partner Terms of Service (Document 07)

Effective Date: March 23, 2026 | Document Version 1.0 | infinite-atom.com

// 1. PURPOSE & EFFECT

This Addendum supplements and amends the Partner Terms of Service (Document 07) to incorporate the Platform Identity & AI-Generated Assets Policy (Document 28) in its entirety. In the event of any conflict between this Addendum and the Partner Terms of Service regarding the ownership and licensing of AI-generated content and Platform Identity, this Addendum and Document 28 control.

// 2. SECTION ADDED TO PARTNER TERMS OF SERVICE

The following section is hereby added to the Partner Terms of Service as Section 15 — Platform Identity & AI-Generated Assets:

SECTION 15 — PLATFORM IDENTITY & AI-GENERATED ASSETS This section incorporates the Platform Identity & AI-Generated Assets Policy (Document 28) in its entirety. All partners are bound by Document 28 as a condition of their partner relationship with Infinite Atom Technologies LLC. The terms of Document 28 govern the ownership of all AI-generated content created through Platform AI Tools, the license granted to partners during active subscriptions, the termination of that license upon subscription end, the Name Continuation Right and Logo Buyout options, and enforcement of unauthorized post-termination use. Document 28 is not a separate optional policy — it is a core term of every partner agreement.

// 3. SECTION ADDED — AI TOOL USE CONSENT

The following section is hereby added to the Partner Terms of Service as Section 16 — AI Tool Use Consent:

SECTION 16 — AI TOOL USE CONSENT Before accessing Platform AI Tools for the purpose of creating brand assets, business names, logos, or creative content, partner must complete and submit the Platform Identity Acknowledgment Form (Document 28A). Completion of Document 28A is a condition of access to Platform AI Tools for creative brand-building purposes. The Platform may restrict access to AI Tools until Document 28A is completed. Using Platform AI Tools without completing Document 28A still constitutes acceptance of the Platform Identity & AI-Generated Assets Policy (Document 28) — the policy governs AI tool outputs regardless of whether the acknowledgment form has been submitted.

// 4. SECTION ADDED — POST-TERMINATION OBLIGATIONS

The following section is hereby added to the Partner Terms of Service as Section 17 — Post-Termination Obligations:

SECTION 17 — POST-TERMINATION OBLIGATIONS Upon termination of a partner's subscription for any reason, the following obligations survive and remain binding: (a) Immediate cessation of use of all AI-Generated Content created through Platform AI Tools including logos, business names, taglines, product descriptions, and marketing copy. (b) Immediate removal of AI-generated logos and brand elements from all external platforms, social media profiles, websites, and marketing materials. (c) Compliance with any cease and desist demand within 72 hours of receipt. (d) Cooperation with Infinite Atom's reasonable requests to verify compliance with post-termination obligations. Violation of post-termination obligations entitles Infinite Atom to seek injunctive relief, actual damages, statutory damages, disgorgement of profits, attorneys fees, and all other available remedies without first going through arbitration. The obligation to cease use of Platform AI outputs after subscription termination is a material term of the partner agreement and its breach causes irreparable harm for which monetary damages alone are insufficient.

// 5. FOUNDING MERCHANT ADDENDUM

The following section is hereby added to the Founding Merchant Agreement (Document 08) as Section 12 — Platform Identity Special Provisions:

SECTION 12 — PLATFORM IDENTITY SPECIAL PROVISIONS (FOUNDING MERCHANT) Founding Merchants are subject to the Platform Identity & AI-Generated Assets Policy (Document 28) with the following enhanced provisions: (a) Name Continuation Right eligibility reduced from 12 months to 6 months of active subscription. Fee reduced from \$200 to \$100. (b) Logo Buyout eligibility reduced from 6 months to 3 months of active subscription. Fee reduced from \$500 to \$250. (c) Brand Archive provided upon subscription termination at no charge. (d) All other provisions of Document 28 apply to Founding Merchants on the same terms as all other partners.

// 6. EFFECTIVE DATE

This Addendum is effective March 23, 2026 and applies to all partner agreements entered into on or after this date. Partners who registered before this date will be notified of the Addendum and given 30 days to review before it takes effect for their accounts. Partners who do not agree to this Addendum may cancel their subscription before the effective date without penalty beyond the current billing period.

// SIGNATURES — ADDENDUM ACKNOWLEDGMENT

By signing below, both parties acknowledge this Addendum to the Partner Terms of Service.
